

Vincentaa VASE ALBUM

Arts For Urban Development

About Vincentaa

Over the past 12 years, Vincentaa has evolved from a small sculpture company to a service company that offers a comprehensive range of artservices and products. We are dedicated to the study and application of art to urban development. By working with hundreds of artists and architects from all over the world, we keep abreast of artistic trends and lead the way in the use of art in variousareas of urban development.

We have undertaken 600+ art sculpture projects from all over the world, some from art galleries, artists, architects, national governments and large corporations, gaining a greatdeal of experience in production and art project management. At Vincentaa, you can see almost every sculpture production process and material available worldwide.

Vincentaa is committed to providing a one-stop artistic service for your project, including artistic consultancy, budget control, project management, original sculpture design, sculpture deepening, sculpture prototyping, sculpture fabrication, global shipping and installation.
